# Eolo

<https://www.red-dot.org/project/eolo-45338>

The fabric of this parasol features a photocatalytic coating. When in contact with sunlight and air humidity, the nanotechnology favours the neutralisation of pollutants, an air-cleaning effect that is comparable to the photosynthesis of trees. The individual parts of the parasol are connected by a simple click system, which provides a strong anchoring and at the same time simplifies dismantling. Furthermore, Eolo is a durable product solution.

#### Statement by the Jury

Eolo fascinates with an innovative coating that improves air quality – a feature that meaningfully complements the sun protection.

reddot winner 2020

pureti

#### Desde 1935

En Ezpeleta diseñamos y producimos **mobiliario de exterior y parasoles** utilizando las tres tecnologías que dominamos: confección textil, mecanizado y acabado de metal e inyección de plástico.

Ofrecemos **soluciones integrales de exterior**, con las que nuestros clientes pueden completar sus proyectos con un único proveedor para todos los elementos, siendo así más sencillo coordinar formatos, materiales y colores.

Distribuimos nuestros productos en los cinco continentes creando espacios únicos, funcionales, duraderos, diferenciados, contemporáneos y **respetuosos con el medio ambiente**.

#### Desde 1935

Na Ezpeleta desenhamos e produzimos **mobiliário de exterior e guarda-sóis** utilizando as três tecnologias que dominamos: confecção têxtil, o processo de mecanização e de acabamento de metal, e a injeção de plástico.

Oferecemos **soluções integrais de exterior**, com as quais os nossos clientes podem completar os seus projetos com um único fornecedor para todos os elementos, sendo assim mais simples coordenar formatos, materiais e cores.

Distribuimos os nossos produtos nos cinco continentes, criando espaços únicos, funcionais, duradouros, diferenciados, contemporâneos e que **respeitam o meio ambiente**.

#### Since 1935

Here at Ezpeleta we design and produce **outdoor furniture and parasols**, using our extensive expertise in three main technologies: textile production, metalwork and finishes, and plastic injection.

We offer **comprehensive outdoor solutions**, with which our clients can complete their projects with the same provider to all the elements, making it easier to combine shapes, materials and colours.

Our products are distributed in the five continents, going on to create unique, functional, long lasting, distinct, contemporary, and **environmentally friendly** spaces.

#### Depuis 1935

Chez Ezpeleta nous dessinons et produisons **mobilier d'extérieur et parasols** en utilisant les technologies que nous maîtrisons: la confection textile, la mécanisation et la finition en métal, ainsi que l'injection plastique.

Nous offrons des **solutions intégrales d'extérieur**, avec lesquelles nos clients peuvent compléter leurs projets avec un seul fournisseur pour tous les éléments, en rendant plus facile la coordination des formats, matériaux et couleurs.

Nous distribuons nos produits dans les cinq continents, en créant des espaces uniques, fonctionnels, durables, différenciateurs, contemporains et **respectueux de l'environnement**.

# Sillas Cadeiras Chairs Chaises

En Ezpeleta diseñamos y producimos una gran variedad de sillas en diferentes materiales. En los últimos años hemos centrado nuestros esfuerzos en la utilización del polipropileno debido a las cualidades que nos aporta. Es ligero, confortable, duradero, resistente y reciclable; todo ello nos anima a seguir apostando por nuevas colecciones basadas en este material.

*Na Ezpeleta desenhamos e produzimos uma grande variedade de cadeiras em diferentes materiais. Nos últimos anos, centrámos os nossos esforços na utilização do polipropileno devido às qualidades que nos proporciona. É leve, confortável, duradouro, resistente e reciclável, o que nos anima a continuar a apostar em novas coleções baseadas neste material.*

Here at Ezpeleta we design and produce a wide range of chairs using different materials. In recent years, we have prioritised the use of polypropylene due to the fantastic characteristics that this material offers. The decision to continue producing new collections based on this material was a simple one given that it is a light-weight, comfortable, long-lasting and resistant material which is also recyclable.

*Ezpeleta dessine et produit une vaste gamme de chaises et fauteuils sous différents matériaux. Au cours de ces dernières années, nous avons centré nos efforts dans l'utilisation du polypropylène en raison des aspects qualitatifs qu'il apporte au produit: Légereté, confort, durabilité, résistance et recyclabilité; De nombreux points forts qui nous animent ici à développer de nouvelles collections basées sur ce type de matière première.*

# Mesas Tables

Para completar nuestra oferta de terraza disponemos de un gran surtido de mesas en diferentes materiales, colores y formatos. Todas ellas son producidas con tablero de compacto de alta densidad en más de diez decorados de actualidad como el mármol, el roble o el cemento.

Ofrecemos al mercado las mejores opciones de diseño, funcionalidad, apilabilidad, resistencia a los impactos y un fácil mantenimiento.

*Para completar a nossa oferta para esplanadas, dispomos de um grande sortido de mesas em diferentes materiais, cores e formatos. Todas elas são produzidas com tampo de compacto de alta densidade em mais de dez acabamentos decorativos atuais, como o mármore, o carvalho e o cimento.*

*Oferecemos ao mercado as melhores opções de desenho, funcionalidade, capacidade de empilhamento, resistência aos impactos e fácil manutenção.*

We have finished off our terrace collection with a large selection of tables which are available in a wide range of colours, shapes and sizes. All of our tables have been produced using high-density compact board and they are available in more than 10 contemporary finishes including marble, oak and cement.

Our products stand out from other similar products available on the market thanks to their design, functionality, stackability and impact resistance, as well as the fact that they are easy to maintain.

*Pour compléter notre offre de terrasse d'extérieur, notre Collection présente un vaste assortiment de tables sous différents matériaux, coloris et formats. Toutes nos options sont commercialisées avec un plateau compact de haute densité, offrant plus de dix finitions possibles et en accord avec les coloris tendances de la saison tel que le marbre, la finition bois ou béton.*

*Ceci, nous permet ainsi d'offrir au marché les meilleurs options combinant les aspects qualitatifs tels que: dessin, fonctionnalité, empilement, résistance à l'impact et facile entretien.*

# Lounge

Para zonas de relax y de piscina disponemos de productos específicos como nuestra tumbona Vila apilable y de muy fácil mantenimiento gracias a sus materiales de gran calidad como el polipropileno reforzado con fibra de vidrio, el aluminio y el tejido como el Phibertex® de fácil limpieza, antibacteriano y resistente a la humedad. Nuestros sofás Marine, daybeds Ibiza y los cojines confeccionados con tejidos técnicos nos permiten disfrutar mejor de las horas de sol.

*Para áreas de relaxamento e zonas de piscina, dispomos de produtos específicos como a nossa espreguiçadeira Vila, empilhável e de muito fácil manutenção graças aos seus materiais de alta qualidade como o polipropileno reforçado com fibra de vidro, o alumínio e o tecido como o Phibertex de fácil limpeza, antibacteriano e resistente à humidade. Os nossos sofás Marine, daybeds Ibiza e almofadas confeccionados com tecidos técnicos permitem-nos tirar melhor partido das horas de sol.*

Some of our products are specifically designed for relaxation areas and pools. Our Vila Sun lounger are stackable and require a low maintenance thanks to their high-quality materials like fiberglass-reinforced polypropylene, aluminium and Phibertex®, an easy-to-clean, antibacterial and humidity-resistant fabric. Our Marine sofas, Ibiza daybeds and cushions made with technical textiles allow us to make the most of sunbathing.

*Pour des espaces relax et aires de piscines, nous disposons de produits spécifiques comme notre bain de soleil Vila, empilable et de facile entretien grâce à ces matériaux de haute qualité comme le polipropylène renforcés avec fibre de verre, l'aluminium et la toile Phibertex avec un facile nettoyage, antibactérien et résistant à l'humidité. # Parasoles Guarda-sóis Parasols

Nuestra tradición fabricando parasoles, unida a nuestra constante innovación, nos ha llevado a poder ofrecer a nuestros clientes una gran variedad de parasoles en diferentes formatos, acabados y materiales. Todos nuestros parasoles son confeccionados en nuestra fábrica de Portugal para lo que utilizamos tejido técnico Olefin en más de diez colores. Las cualidades de este tejido, 100% polipropileno, se adaptan muy bien a las exigencias de las instalaciones hosteleras. Posee una muy elevada solidez de los colores a la radiación UV, certificación UPF80, es repelente al agua, resistente a las manchas y 100% reciclable.

*A nossa tradição no fabrico de guarda-sóis, aliada à nossa constante inovação, permite-nos oferecer aos nossos clientes uma grande variedade de guarda-sóis em diferentes formatos, acabamentos e materiais. Todos os nossos guarda-sóis são confeccionados na nossa fábrica de Portugal, para os quais utilizamos um tecido técnico, o Olefin, em mais de dez cores. Sendo de 100% polipropileno, este tecido tem qualidades que se adaptam muito bem às exigências das instalações hoteleiras. Possui uma elevada solidez das cores à radiação UV, certificação UPF80, é repelente à água, resistente às manchas e 100% reciclável.*

Thanks to our extensive experience in parasol production and our strong commitment to innovation, we are able to offer our customers a wide range of different types of parasols, produced from different materials and in a variety of finishes. All of our parasols are produced in our factory in Portugal using technical Olefin fabric and these are available in more than ten colours. The particular characteristics of this 100% polypropylene fabric adapt very well to the specific needs of the hospitality industry. This material offers high UV resistance, boasting a UPF80 rating, and likewise this 100% recyclable material is not only water repellent, but it is also stain resistant.

*Notre tradition en tant fabricant de parasols, auquel s'unie une contante innovation, nous permet aujourd'hui d'offrir à nos clients une vaste gamme de parasols sous différents formats, finitions et matériaux. Tous nos parasols sont fabriqués au sein de notre usine au Portugal grâce à l'utilisation d'une toile technique Olefin disponible en dix coloris. Les qualités de cette option de toile, 100% en polypropylène, s'adaptent parfaitement aux exigences de l'hôtellerie: solidité des couleurs face aux rayons UV, certification UPF80, déperlant, résistant aux tâches et 100% recyclable.*

## COMPACT

Tablero termolaminado compacto decorativo (10mm). Formado en la cara exterior por papel decorativo impregnado y en el interior por papel kraft impregnado con resinas termoestables. A este material se le aplica en la prensa temperatura y presión de forma simultánea para conseguir un tablero compacto de alta densidad.

*Tempo termolaminado compacto decorativo (10mm). A sua face exterior é formada por papel decorativo impregnado e o seu interior por papel kraft impregnado com resinas termoestáveis. O conjunto é prensado por meio de calor e alta pressão de forma simultânea para conseguir um tempo compacto de alta densidade.*

Decorative pressed laminated table top (10mm). Interior composed of thermostable resin kraft paper and surface lined with impregnated decorative paper. The compound is pressed simultaneously at high temperature and pressure to obtain a high density compacted table top.

*Plateau stratifié compact décoratif (10mm). Formé sur sa face extérieure par du papier décoratif imprégné et dans son intérieur par du papier kraft impregné avec des résines thermostables. L'ensemble est ensuite pressé sous l'action de la chaleur et de la haute pression, simultanément, afin d'obtenir un plateau compact de haute densité.*

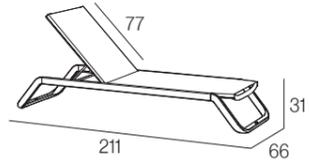

\*No se recomiendan los colores oscuros para zonas muy soleadas - Não se recomendam cores escuras para zonas muito soalheiras - Dark colors are not recommended for very sunny areas - Les couleurs foncées ne sont pas recommandées pour les zones très ensoleillées

VIDEO INFO

Al igual que los árboles, el tejido de este parasol descontamina el aire de las ciudades, neutraliza los gases de los motores y otras sustancias nocivas. Incorpora una nanotecnología que, en contacto con la luz solar, convierte las sustancias contaminantes del aire en sales inertes.

Tal como as árvores, o tecido deste guarda-sol descontamina o ar das cidades, neutraliza os gases dos motores e outras substâncias nocivas. Tem incorporada uma nanotecnologia que, em contacto com a luz solar, converte as substâncias contaminantes do ar em sais inertes.

Much like trees, the fabric of this umbrella reduces city pollution, neutralizing engine gases and other harmful substances. Its nanotechnology, upon contact with sunlight, turns air pollutants into inert salts.

Tout comme les arbres, le tissu de ce parasol décontamine l'air des villes et neutralise les gaz d'échappement des moteurs et d'autres substances nocives. Il intègre une nanotechnologie qui, en contact avec la lumière du soleil, transforme les substances contaminantes de l'air en sels inertes.

## FLEXO ANTHRACITE 3X3

## SGAO10C3005020P

Parasol de aluminio 3x3 m de mastil lateral con inclinación. 8 varillas (17x25 mm). Giratorio 360°. Sistema estabilizador. Sin volante y con fugavientos.

Guarda-sol em alumínio 3x3 m. de haste lateral com inclinação. 8 varetas (17x25 mm). Giratório 360°. Sistema estabilizador. Sem bambelina e com fugavientos.

3x3 m. aluminium lateral pole parasol with tilt system. 8 ribs (17x25 mm). 360° rotatory system. Stabilizer system. Without valance and with airvent.

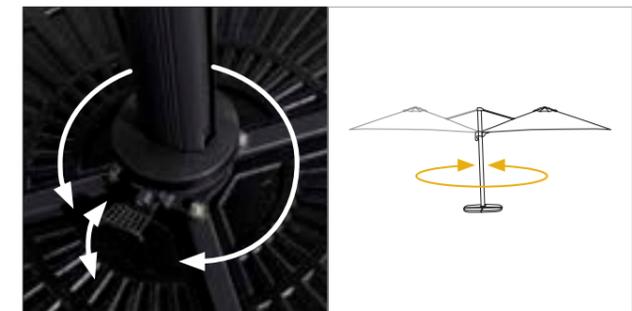

Parasol mât 3x3 m. latéral avec inclinaison. 8 baleines (17x25 mm). Rotatif 360°. Système stabilisateur. Sans volant et avec soufflet.

Alta solidez de los colores a la radiación UV. Se trata de un tejido fabricado con hilo de polipropileno que ha sido tintado en masa, en su proceso inicial. Esto le otorga una gran resistencia a la luz solar ya que el color queda fijado en el hilo del tejido con mayor intensidad que en otros procesos.

Certificación UV standard 801 con la puntuación UPF 80, que garantiza la protección de la piel de los efectos nocivos de los rayos UV.

Repelente al agua - resistente a las manchas - 100% reciclable.

*Alta resistência das cores face à radiação UV. Sendo um tecido fabricado com fio em polipropileno tingido em massa no seu processo inicial, esta característica confere-lhe uma maior resistência à luz solar o que se deve essencialmente ao facto de a cor permanecer fixada ao fio com maior intensidade do que em outros processos de pigmentação.*

*Certificação UV standard 801 com factor de proteção UPF 80, que garante a proteção da pele dos efeitos nocivos dos raios UV.*

*Repelente à água - anti-manchas - 100% reciclável.*

High resistance of colours to UV radiation. The fabric is made from polypropylene fabric mass-dyed during the initial process. This provides high resistance to sunlight because the colour is set in the thread of the fabric more intensely than in other processes.

UV standard 801 rating UPF 80, that guarantees skin protection against nocive effects of UV rays on the skin.

Water repellent - stain resistance - 100% recyclable.

*Haute résistance des couleurs face à la radiation solaire. Il s'agit ici d'une toile fabriquée à partir d'un fil en polypropylène qui a été teinté en masse, depuis son processus initial. Ceci lui confère une haute résistance à la lumière solaire, étant donné que la teinte reste fixée sur le fil avec une plus grande intensité en comparaison avec d'autres processus de pigmentation.*

*Certification UV standard 801 avec un factor de protection UPF 80, qui garantie une protection de la peau face aux effets nocifs des rayons UV.*

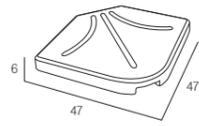

*Repelente à l'eau - résistant aux tâches - 100% recyclable.*
