Hacemos mobiliario porque es así como nuestros ancestros nos enseñaron a darle sentido al mundo, a aprehenderlo e imaginarlo, a dejar en él nuestra huella. Trabajamos porque nuestra sociedad sea cada vez más sensible al buen diseño; por dar vida a espacios nuevos y lugares antiguos; por fortalecer vínculos propiciando encuentros bellos y generadores; por ser un apoyo para quienes escriben poemas, diseñan pósters, envían emails, disfrutan de la gastronomía, tocan un instrumento o contemplan arte.

Somos hijas y nietas de ebanistas haciendo muebles en el mundo contemporáneo y por esto leemos todo, tanto en clave de tradición, como de innovación. Cada colección que creamos es una expresión de nuestro profundo respeto por lo que más nos importa: una herencia artesana de más de cuarenta años y el deseo de evolucionar para mantener un estilo vital y un equilibrio entre lo funcional y lo estético, entre lo que se hace a mano y lo que se hace con tecnología, entre lo local y lo global. Somos raíces y futuro, somos origen y destino.

Vivimos la materia prima desde su fuente; la conocemos,

la amamos, la trabajamos con respeto, como nos lo ha enseñado la tradición familiar. Como artesanos, incorporamos la voz de nuestros clientes al diálogo milenario entre madera, metal y textil. Como diseñadores escuchamos, investigamos, exploramos el mundo, observamos la forma como está construida cada silla en la que nos sentamos. Como generación que toma el relevo, hemos empezado a crear una nueva tradición: la de colaborar con arquitectos, interioristas y estudios de diseño de talla internacional. Nuestra insaciable curiosidad se encuentra a diario con el conocimiento de nuestro origen para llevarnos a crear piezas que han sido

seleccionadas por reconocidos cocineros para recibir a sus comensales, por arquitectos para dar un toque contemporáneo a edificios históricos, por interioristas para dar vida a residencias creativas y galerías de arte, por particulares trayendo calor a su hogar.

Le damos un inmenso valor a lo que hacemos, pero también a lo que somos y a lo que construimos a nuestro alrededor. Creemos que los principios de honestidad, ética y solidaridad que se empezaron a forjar en el taller de carpintería de nuestro abuelo, son hoy más imprescindibles que nunca para crear lo que entendemos por buen diseño. El buen diseño no

se preocupa sólo por la estética, la funcionalidad y por satisfacer las necesidades del cliente, el buen diseño se preocupa también por cumplir con un alto estándar de calidad y por garantizar el cuidado de los procesos, la materia prima y la tierra que nos la da; por hacer crecer a cada colaborador que hace su aporte para que podamos dar vida a nuestros productos.

A la crisis de la globalización de los 90, respondimos con un compromiso al que nos hemos mantenido fieles hasta hoy: el de no producir ni comprar ningún componente de nuestro mobiliario fuera del País Vasco. Este compromiso nos ha llevado

a consolidar un ecosistema de producción que nos permite sacar de nuestra fábrica lotes de muebles personalizados hechos localmente para ser usados en todo tipo de espacios, en todos los rincones del mundo.

En nuestro corazón está la tradición, la herencia, el amor por el arte, el cuidado y la cohesión entre todas las partes. Nos importa fomentar creatividad y prosperidad, brindar comodidad, crear lazos. Es esto lo que nos hace levantar cada mañana y lo que nos mantiene en pie, moviéndonos, enfrentando retos y reinventando nuestra empresa, atentos a las necesidades de los clientes. La pasión y el gusto por

lo que hacemos, el disfrute de incorporar y compartir nuevas perspectivas y la tranquilidad de saber que apoyamos la industria local con sistemas de producción sostenibles y trazables son el motor que nos mantiene en marcha.

Por nuestro arte y nuestros clientes, seguimos en pie, aún no nos sentamos.

El acantilado se sumerge en el más áspero mar. Pacientes y sonoras, las olas golpean la roca abriéndose campo, dejando huella por donde van. La brisa trae un sabor a sal. Vuestra mano sobre el mantel. Los suelos guardan silencio. Vuestra mano sobre las sábanas. La profundidad entre canales hechos de árbol. Lo exquisito, suave y delicado, yace quieto al borde del antiguo, salvaje y brutal barranco.

Hari

Hari Family

The particular shape of its backrests plays and intertwines with the structure, giving this family a unique and particular feel. A new collection, with chairs, stools and lounge pieces, with an industrial touch inspired by textile looms and a subtle and elegant feel inspired by delicate sewing thread.

Hay momentos en los que añoramos espacios amplios, abiertos, limpios; momentos en los que buscamos el aire. A veces solo queremos caminar libres, sin rumbo, lento; o dejar las cosas tiradas un rato, sin ordenar; acostarnos sobre el césped para soñar despiertos; observar una abeja merodear las rosas; hablar de temas banales entre amigos y familiares.

Las mentes creativas necesitan movimiento, cambios de escenario, flexibilidad. Pensadlo. ¿Puede ser creativo alguien que se pasa el día mirando una pantalla, rígido, sentado? Para formar conceptos, para pensar y darle vida a una idea debemos relajarnos, comer donde jugamos, ser imaginativos al presentar nuestro trabajo, hacer dibujos mientras pensamos. Accedemos a nuestro impulso creativo cuando transitamos espacios diferentes y visitamos lugares internos inesperados.

Una mujer sofisticada aprecia el arte, se fija en los detalles: ¿dónde está ubicada la pieza? ¿Cómo se encuentra con la luz? ¿Cuelga tranquila y poderosa? ¿Comparte cómodamente el espacio con las demás? ¿Cómo busca la mirada del espectador? Una mujer sofisticada aprecia la concordia entre opuestos: lo rústico y lo moderno, lo urbano y lo rural, el movimiento que vive en medio de un silencio quieto.

Una mujer sofisticada aparecía el arte, se fijó en los detalles: ¿dónde está ubicada la bicaa? ¿Cómo se encuentra con la luz? ¿Cuelga fraudulla y bodegones? ¿Combate combinadamente el espacio con las demás? ¿Cómo pasea la mirada del espectador? Una mujer sofisticada aparecía la contradicción entre obreatos: lo rústico y lo moderno, lo natural y lo natural, el movimiento que vive en medio de un silencio dulce.

Verde, gris, negro, café, pardo. Tierra, madera, hierbas, metal y barro. Salvaje. La naturaleza salvaje marca el ritmo y determina las formas; se cuela por entre puertas y ventanas; se abre camino entre las grietas del suelo. Lo salvaje es hogar y es fuego. En su corazón caminan los escritores, se sientan los artistas, respiran los arquitectos. En su corazón yacen la cultura y la vida y de él surgen sugestivos encuentros. Muros y puertas corredizas se fusionan, como también lo hacen mesas, sillas y grifos, la huerta, el sofá y la vista al cielo.

Bob XL Family

Because everyone finds comfort in different places, the BOB XL FAMILY adapts to every moment, every life, person and space available... A family that grows and adapts to space and use with its metallic and wooden structure versions. Its wooden frame, available in dyed and varnished beech maintains its natural essence and the softness of its shapes. It may also be upholstered for a greater sensation of comfort.

Queréis compartir vuestras ideas con el mundo. Ir a otro lugar. Atravesar el río, el valle, la selva, el mar; atravesar la frontera que limita el alcance de vuestra vista. Queréis oír por vosotros mismos, ver por vosotros mismos, encontraros con otros; saludar. Cuando viajáis, buscáis equilibrio en el paisaje, pero también en el hogar pasajero, en la habitación, la sala de juntas, la biblioteca, el comedor temporal. Si para vosotros cuenta, la armonía también debería importar.

Ola

Ola Family

Ola, space dividers, allows you to separate spaces in a simple and manageable way, it can be used separately or linked together by its unique base. One of its many features, that make Ola different, is its accessories collection, giving you the possibility to adapt it to any space. Lastly, due to its upholstered structure, it works as an acoustic panel as well.

Lana Family

Two great allies, wood and steel, come together to fit out a variety of spaces, from a waiting room or a living room to the lobby of any hotel. The wood version draws on the tradition of curved solid wood. In the steel version the shape of the backrest plays with the dimensions and intertwines with the structure to lend it a more unique appearance.

Una iglesia de pueblo, en una calle pequeña que bordea un valle. En su interior no hay fronteras, no hay división. En su interior, techos altos, un ábside, un transepto, una nave. Para los ojos de cualquier visitante, una escena medieval. Un hogar, en un antiguo pueblo, sobre una calle moderna bordeando el filo que cae a un profundo valle verde. En su interior, camas para dormir, espacios para leer, para oír música y dibujar, para compartir cenas con amigos queridos, para descansar. La antigua ruina vive de nuevo, vuelve a respirar.

Bai

Bai Family

Generous proportions and wraparound lines, versatile pieces which have a noble and welcoming appearance. A blend of chair and armchair, BAI is a versatile family which, like the meaning of its Basque name, "YES", enables the creation of a warm and welcoming atmosphere. A combination of classic and contemporary elements envelops the BAI FAMILY.

Si miráis con atención notareis cada detalle. Atravesando un escenario cuidadosamente compuesto, os daréis cuenta de que el tacto se apodera de vuestra percepción del espacio. Vuestros dedos advierten la suavidad de las hojas verdes y un rayo de luz entra para calentar la piel. Vuestros ojos se refrescan al ver el muro desnudo exponiendo su superficie áspera.
