**Designing  
new ways  
of learning,  
working  
and living.**

We love design and are motivated by creative functional products.

We like to see your reaction when you are holding our designs, but we like it even more knowing you are happy enjoying them either by yourself or with your colleagues.

We want to help create new spaces that have a positive impact on people and the environment. "Flowing spaces" is the name we have given to this concept, for people "who flow".

We believe in people-centric design, and we provide objects that foster happiness, enhance communication and exchange of ideas.

**We have brought out the best in our designers' talent and our suppliers to create a clean, practical, functional collection with good vibes.**

Inspired by traditional cushions, we have evolved the concept of seating to create a comfortable, functional and very strong product. We take into account everyday use, taking usability further still to become the ideal companion in modern spaces.

**Our goal is very simple:  
to help create fun,  
functional spaces that  
encourage creativity,  
teamwork and  
communication.**

## **100% recyclable** **Made in Spain**

Punto is made with injected polyurethane mousse in a previously colored mold. Once the process is finished, each piece is retouched by hand with thanks to our knowledgeable team. They are made in Spain and are 100% recyclable.

**Indoor&Outdoor.  
And why not to  
play in the sun?  
It can be used  
outdoors.**

It's about designing innovative products that are not only useful, but which also contribute to people's wellness... Is there anything more important than people in an organisation?

Corporate **offices**, **co-working** sites, **libraries**, **education** centres, businesses, **sports facilities** and of course **terraces** and **swimming pools**... these are just some of the places where you will find our products.

# 100% recyclable Made in Spain

Punto is made in one single piece with high density injected polyurethane foam in a previously coloured mould and hand finished. Manufactured in Spain and 100% recyclable.

## Easy to clean and disinfect at site

For normal cleaning, use warm water with a mild detergent and a cotton cloth or with disinfectant products (always try underneath first). No seams nor joints where bacteria collect.

## Water resistant

Punto borns to live outside and no matter the weather conditions, we are waterproof and resistant to extreme temperatures (up to -10°) and suitable for year-round outdoor use.

## Resistance to cold and hot liquids

Water permeability UNE-EN 12720 and NF T30 801.

## UV Stable

Punto loves sun and fresh air as much as you do but don't worry, a coat of ultra UV rays has been applied and it is UV stable. Over time, the Punto color will not fade.

## Fire resistant

We all want to be safe and our products meet the BS 5852/ Ignition source 1&2.

## Safe for children

Let's play with Punto. Safe use for children, meet norms EN 71-1, EN 73-3 and Cd and Pd content.

## Easy to storage and move around

We have designed a trolley and a wall bracket to have your cushions always ready for informal talks. Make maximum use of your space and fill it with Punto whenever you need extra seats.

## Custom color

No limits at all! No need to pick among our color chart. Just tell us the RAL, Pantone or any other reference and we will match it (minimum order 60 pcs).

## Custom Logo

You like to be unique and we understand it. We have designed a system to personalize the cushion with the corporative logo.

## Attachable to a surface

Sometimes you need to attach the cushion to a seating surface and different solutions are offered.

## Anti-theft alarm insert

Maybe your space is too open and you need to secure the products? During the manufacturing process we can insert the alarm device so you will notice when some Punto wants to live a new life far away.

## 100% Recyclable

Our environment matters. Even this is a long term product, when it's lifetime is over it will be recycled to obtain raw material again ready for a new life. We all need to care about our environment.

## Our artisanal & industrial way

We guarantee a product that is finished 100% by hand. We make sure to provide the best quality to our customers.

## Stay away from virus and bacteria

When considering social distancing and disinfection, Sentat provides a very easy solution. Easy to clean and disinfect at site without special cleaning methods.
